Mercedes-Benz 560 SL

Price on request

This 560 SL presents great in the ever beautiful Silver Grey Metallic over blue leather combination. The W107 560SL was the most powerful in the line-up, specially built for the United States. The 227hp V8 has a nice and sweet power delivery; matching just perfect with the automatic gearbox and this makes the SL a lovely weekend cruiser!

All body panels fit nice and are completely rust-free. Leather, carpets, dashboard, chrome,... all still in great condition!

The current owner didn't spare any money on maintenance and he also had the car transformed to EU specification. Changing the expensive headlights and installing bumpers.

The car comes with the original hardtop and its storage unit; there's a matching car cover to protect the car during winter time. Of course all electrics and the cruise control (rare!) are working!

Specifications
